Old Business:

ADA Report:

Fred Whatley & Barb Middleton reported on the recent ADA Fly-In. The event went well, with about 480 people showing up for the event. The raffles did very well. They believed that the newspaper advertising helped. They suggested that we should have ready-to-fly electrics for next year's raffle. They had plenty of plastic cups available at the meeting and encouraged members to take some home.

Feeling Better:

It was also reported that Duane Wright is doing better after recently falling off of a ladder.

New Business:

Road Repair:

Jerry Sharp reported on recent work on the road. Crushed concrete was added this time. We will have to see how this "new" material holds up to the rain.

Indoor Flying:

Bill Rugenstein asked if we would be flying indoor at the Benedict Inn facility in Beech Grove this winter. Matt Hanley said that he would check into securing the facility.

Porta-Potties:

Chuck Gelatka indicated that the porta-potties would remain at the field until the end of October. After that, you're on your own.

Club Dinner:

The club dinner is planned for Saturday, January 9th. Chuck Baker to check with Brandon Denzer on status of the facility we used last year.

Field Status:

Members were reminded to secure the gate if they are the last to leave, regardless of the time of day.

Fun Fly:

There will be a Fun Fly this coming Sunday. Erik will be running this event.

Program:

No program this month, but will have a program on PC Power Supplies for RC use next month.
