

Meeting Minutes

June 13, 2011

This month's meeting was called to order by President Chuck Baker at 7:13pm. Weather was almost perfect for flying before and after the meeting. We will attempt to hold the July meeting at the flying field as well, stay tuned.

Guests and New Members

Guests Scott and Michelle Marquette, Ken Erickson and Joe Fox. New members included Gerry Burkhart Sr., Steve Ross and Steven Ross.

Old Business

Treasurer Matt offered a detailed report. Matt reported that the road fund and more was used to repair the road and field damage caused by vandals. Club spent \$630 in gravel and \$510 in materials for field and road repairs. Matt mentioned that the treasury would still welcome any donations to help cover road and or field repairs. With no questions the Treasurers report was approved and accepted.

Duane Wright and Jerry Sharp reported on the road and field repairs. These two men did a fantastic job of researching materials and needed equipment to get this job started. Along with materials and equipment they organized a great group of workers to help with the project. Take a look at the happy (and very tired) workers pictured on the club web site. The club owes a big thanks to all for their efforts.

The weather cooperated and we were able to hold our annual electric ticket fly on Saturday. We had 17 registered pilots who enjoyed the calm winds and warm temps. By 11 the wind was picking up and we were all ready to call it a day.

For those that are wondering who won what:

P-51 Mustang (59 tickets) - Brian Merrell

Edge 540 kit (50 tickets) - Charles Cherry

Yak 55 kit (26 tickets) - George Hallander

2 Dog RC ?? (28 tickets) - Chuck Baker

Raffle Item; Spektrum DX6i 2.4GHz radio - Paul Kaster

New Business

Keep checking the club calendar for the upcoming events and dates.

Prez. Chuck indicated he still needs a volunteer to run the Club Fun Fly July 9th.

Joe Fox from the Greenwood Library gave a presentation on the Greenwood Library Days event the club has been asked to help with. The focus of this event is aviation. Joe has asked the club to provide electric flying and display models for this event to be held Saturday July 9th from 10 am to 2 pm at the library. We have a nice football field to fly electrics from. A sign up sheet was passed around and volunteers signed up to help. President Chuck will send out a club e-mail asking for more help from our members and other clubs. For more info visit the the club web site or contact me at jbunner2@comcast.net or 507-6412.

Program

Duane Wright flew his new Fun Jet Ultra and amazed us all with its speed.

Ken Erickson gave a presentation on BCRCF Pylon Racing. He brought a couple of planes and let club members fly them. He also brought one to raffle off. This was won By our own Herman and promptly sold to Brian.

Show and Tell

We had some but I got busy and the rest is just a bad story! Sorry folks I promise to do better.

Raffle

Raffle was another thing I missed out on.....we most definitely need competent help!

That's about it for this month.

Respectfully,

Jerry
