

## ***Meeting Minutes***

November 14, 2011

Meeting called to order by President Baker at 740 pm.

### ***Guests and New Members***

Guest this month was Russell Allison. He was welcomed and also voted in as our newest member. Welcome Russell.

### ***Old Business***

A check was presented to Liz Hall from the ADA. Liz gave a presentation on just how these funds are used. Once again this years fly-in for Diabetes was a big success. This donation represents a great deal of effort on behalf of many club members. Congrats to all for another successful year!

Brief discussion about our field security camera and flood light. We would still like to add another camera and are still taking donations for one. Hopefully we can purchase one and get it in operation before spring. This seems to be the time of year folks get cabin fever and go looking for a nice field to "work on". Repairing the damage done could easily pay for a camera.

### ***New Business***

The only new business is the upcoming events in and around Indianapolis. Please check the club website for a complete list of these events.

### ***Programs***

A location for the annual club dinner was discussed. Seems as though we were all happy with Dye's Walk so plans were made to check into getting this location for the dinner sometime in January 2012.

Dues are being taken for 2013. Still \$60 a year. A late fee of \$10 applies if paid after December.

Nominations were taken for the brotherhood award. Ballots were passed out and collected. Attend the club dinner and find out who we nominated.

Nominations for 2012 officers are being accepted.

Raffle for this month was a Pole Cat won by Ron Kucy and a Heli won by Mark Grey.
