July 14, 2014

Meeting was called to order by Vice President /Secretary Charles Cherry at 7:40 pm.

Visitors present: None

Guest present: None

New Members to vote on: None

Solos: None

## **Old Business**

VP/ Secretary Charles Cherry gave a detailed report of the club finances. Report was developed by Treasurer George Hallander. Motion was made and seconded to accept the treasurer's report.

Duane Wright provided an over view of the field condition. He indicated that several weeks ago, a trespasser visited the field. This person bypassed the gates and drove around the parking lot resulting in no damage. Possibly deterred by the motion sensor light on the center shelter being activated.

Duane indicated that Jon's family members visited the field flying site via four wheelers a couple of Sundays ago. With the new interchange construction and the city's very low price offering for Jon's land, existing structures being affected via the widening of the road, and relocation of power line poles, it's currently uncertain that our flying field will still exist in 2015.

Chuck Propes has indicated that he has found a couple of possible new locations. But land owners are reluctant to discuss possible sites, because the conversations start with the possibility of use if we possibly lose our existing site. Chuck will keep possible site information, until such time that we need to act.

Duane also announced that Fun Fly #1 on Saturday July 12, 2014 was rained out. He has rescheduled this event for Sunday July 20, 2014 to begin at 2:00 pm.

Bob Badger pointed out that has noticed several times that the gate locks have not been properly locked when people are departing the field. Club members must check them by spinning the combination tumblers to insure the lock is secured.

Doug Gifford provided an overview of the 4H RC flight events at Jim & Sharon Love farm in Lebanon Indiana. Doug indicated that he has been involved in the construction of the planes, flight training and judging of the flight event. Doug also thanked the following IRCS members for their participation as Judges in this year's event held on July 12, 2014 - Chuck Baker, Jerry Bunner, Charles Cherry and John Gaither

## **New Business**
