Meeting Minutes

June 8, 2015

Meeting was called to order by President Duane Wright at 7:34 pm.

Visitors present Owen Propes.

New Members to vote on none.

Solos: Charles Propes

Old Business

Treasurer George Hallander gave a detailed report of the club finances. Motion was made and seconded to accept the treasurer's report.

Field Relocation: As discussed at the April meeting this subject was tabled until the June meeting.

Duane had a lengthy conversation with Mark the son of Jon, our field landlord. Conversation indicated the widening of East Worthsville Rd., East of County Road 250 E, is the responsibility of Johnson county. Mark feels that it would be at the earliest two years before the widening project would commence. Mark also indicated that when construction started again, he would relocate his residence Eastward where there is less traffic. Mark also indicated that Jon was happy with his current residence.

There was conversation about looking for another field location. But conversations continued to defer that action for now. It was felt that we would have another two or three years before any widening construction would continue and neither Jon nor Mark would want to relocate to the flying field location relocation.

New Business

Barbara Middleton and Albert Tucker provided an overview of the Strawberry

Festival at the Sugar Grove Elementary School on June 6, 2015. Al indicated that 5 club members were present. Approximately 18 visitors were able to fly Al's quad copter. Kids were amazed and enjoyed the flying exercise. Barb and Al indicated the food, strawberry short cake and ice cream were outstanding.

Duane has requested that Saturday June 27 to be field clean up day. Among one of the items needing attention is the trimming is the bushes along the West side of the road after the turn on the upper road.

The possibility of cancelling this year's ADA event was brought up due to the following:

1. Difficulty of getting to the flying field on account of road construction.
2. The local American Diabetes Association members cannot attend due to their sponsored walk scheduled for the same date as our event.
3. With all the construction going on it will be difficult to place signs directing visitors to the flying site.

The majority of comments were to continue with the 30th Annual ADA event as planned. Planning and work towards that event will continue as planned for now. Will be reviewed at next month's meeting for any additional updates or further comments on noted issues.

Upcoming Area Events:

June 20, 2015 - Ticket Fly #2, at IRCS Flying field @ 1:00 pm to 4:00 pm.

July 12, 2015 - Fun fly #2, at IRCS Flying field @ 1:00 pm to 4:00 pm.

July 26, 2015 - Olde Tyme Funfly #2 at IRCS Flying field @ 1:00 pm to 4:00 pm.

Next Club Meeting

July 13th, At IRCS Flying field, East Worthsville Rd. Greenwood IN. Meeting will begin at 7 pm. Weather permitting,
