16 members + 2 officers (Doug Gifford was not in attendance)

Visitors:

There were 3 visitors:

- Brian Kinsey
- Adam Shields
- Bob Nicks

Old Business

Adam Hunt read the July meeting minutes. No questions. A motion was made and seconded. Membership voted to accept the minutes.

Chuck read the Treasurer's Report in Doug's absence. A motion was made and seconded to accept the treasurer's report.

Reminder: While at the flying field, please follow social distancing guidelines (6 feet minimum between people. 12'+ is even better). If you are going to be closer than 6', please wear a mask. If you touch common surfaces, please use hand sanitizer.

Please do not use road to field or fly if road or field is too wet/soft from recent rain.

Rike Field Viability

Jon Taylor (Rike Field Land Owner) has stated that the pending land sale has fallen through, but there is new interest in buying the entire site.

Chuck has created a flyer to help in our search for a new flying field.

We need to rent a few acres!

The Indianapolis RC South remote-control flying club has been renting farmland from the Jon Taylor family for 45 years. We are currently located NW of the Hurricane Creek Lift Station at the East end of Worthsville Road.

Unfortunately, we are currently looking for a new location, due to the extensive land development in our area.

If you are a landowner on the South side of Indy and would be willing to rent us a few acres to establish a new flying field, please email club President Chuck Baker:

president@indyrcsouth.org

For more info about our club:

You can view the QR code to the right with your smart phone's camera, and it will give you the email address and related information.

Flyer can be downloaded from the following Google Drive link:

Please print out copies and distribute and/or post them where you think it will help.

Thank you for your help!

New Business

Soil Core Sample Activity – The gates to the field will be left unlocked during the day to allow crews to have access for soil samples.

The woods next to the flying field have been used to hide stolen ATVs according to local law enforcement.

Upper chain that had been disconnected has been reinstalled.
